

SOUTH JERSEY TRANSPORTATION PLANNING ORGANIZATION

RESOLUTION 2209-30: Supporting the Calendar Year 2022 Public Transportation Agency Safety Plan (PTASP) Safety Performance Targets Set by NJ TRANSIT

WHEREAS, the South Jersey Transportation Planning Organization (SJTPO) is the Metropolitan Planning Organization (MPO) designated under federal law for the southern region of New Jersey including Atlantic, Cape May, Cumberland, and Salem Counties; and

WHEREAS, Title 23, Sections 134 and 150 of the United States Code requires that each MPO undertake a transportation planning process that shall provide for the establishment and use of a performance-based approach to transportation decision-making to support national goals; and that each MPO shall establish performance targets that address the performance measures to use in tracking progress toward attainment of critical outcomes for the region; and

WHEREAS, the Federal Transit Administration's final rule (49 CFR Part 673) on the Public Transportation Agency Safety Plan (PTASP) became effective on July 19, 2019, requiring NJ TRANSIT to establish Safety Performance Targets to address safety performance measures identified in the National Public Transportation Safety Plan (49 CFR §673.11 (a)(3)); and

WHEREAS, on May 27, 2016, the Federal Highway Administration (FHWA) and Federal Transit Association (FTA) issued a final rule on metropolitan planning (23 CFR 450 & 771 and 49 CFR 613), under which MPOs have the option to (1) agree to program investments in support of NJ TRANSIT's targets, or (2) set their own quantifiable targets; and

WHEREAS, the final rule also requires that MPOs coordinate with the State to set performance targets for the specified measures and integrate those targets into their planning documents and processes; and

WHEREAS, in 2022, NJ TRANSIT released updated targets for the thirteen (13) required safety performance measures covering fatalities, injuries, safety events such as collisions, employee injuries, and major bus fire events, system reliability, and assaults and security incidents; and

WHEREAS, NJ TRANSIT also released updated transit safety targets for its light rail operations, but with no light rail within the SJTPO region, adoption of light rail operation targets is not required; and

NOW, THEREFORE, BE IT RESOLVED, that the SJTPO hereby supports the statewide Public Transportation Agency Safety Plan Safety Performance Targets for each of the 13 required safety performance measures for calendar year 2022 set by NJ TRANSIT as required by the PTASP Final Rule (49 CFR Part 673); and

BE IT FURTHER RESOLVED, that the SJTPO will program investments that support the achievement of the performance targets in support of the Public Transportation Agency Safety Plan.

Certification

I hereby certify that the foregoing is a correct and true copy of a resolution adopted by the Policy Board of the South Jersey Transportation Planning Organization at its meeting on September 26, 2022.

John W. Risley, Secretary/Treasurer
